Le Roy Taylor Arrested After Auto Collision

Le Roy Taylor, 62, 146 Roosevelt Ave., a salesman, was arrested by Redwood City police Sunday night on a charge of drunkenness and for investigation on a charge of drunken driving.

He was arrested at 7:50 p.m. at El Camino Real and Manzanita St. after his car had figured in a collision with a car driven by Steve Basa, P.O. Box 294, Menlo Park.

Taylor was released later on $150 bail.

Mosquitoes Face Crackdown Here

Richard H. Thomas, superintendent of the Pulgas Mosquito Abatement Dist., today asked any householder bothered by mosquitoes to contact his office at the courthouse.

Thomas said that at this season the pests are entirely local, originating in artifical sources, such as poorly maintained septic tanks and bad plumbing. In the weather now prevailing, mosquitoes do not fly more than 300 yards from their breeding spot.

Thomas will inspect mosquito infested premises and trace the pests to their origin, and then advise the owner as to preventing future recurrence.

The Emerald Lake area is a bad spot for mosquito breeding, because of the number of septic tanks. There are also a lot of septic tanks at Woodside, Thomas said, and in back of Menlo Park, although the area back of Menlo Park now is getting a sewerage system.

Thomas said that a sewerage system is badly needed at Emerald Lake.

Forum Letter

To the Editor:

You are so right, Mr. Lee Alderman, you can't blame the kids. And should someone disagree, may I remind that individual that no one is born onto this confused world aware of the selfishness, lack of unity and of the many evil hates that flourish, unfortunately, in this pitiable globe? Every human obtains his habits by mimicry and observation.

Of course I'm twisting Mr. Alderman's words to fit the problem of 'teen age recreations that have become more elaborately embroidered with wilder and more dangerous activities other than dancing and ping pong! But the really clever conversions are found in reports to the citizenry that minimize the situations our youth entangles itself in attempts of attaining excitement and diversion in this old fashion village with its superduper high school!

I, for one, didn't want to see the "Spot," our only school free recreation center, close down, but I really can't blame our youth for not coming, which resulted in a premature death for our Spot.

Let's face it—that center, despite continuous battles against overwhelming odds, was never very inviting. We refaced the interior, bought replacements for battered, worn out equipment and labored to make the place nice, but somewhow it always seemed unhealthy. It must have been the atmosphere or the building—or both! Consequently, the "Spot" has acquired a bad name. Many a 'teen ager has announced that their parents would never allow their children in such a cheap place.

CHEAP And after so much work and money had been lavished upon it!—Well, work, anyway.

Under new and capable supervision these last few months, a disheveled, forlorn "Spot" struggled to a sitting position and tiredly attempted to entertain Redwood City's youth. All sorts of methods were used to lure "kids" off the streets into a warm, friendly atmosphere the new committee extended to all. Money was spent when it needed to be nursed, and eventually, the "Spot" had a fair crowd each week.

But this didn't last long. The "Spot" was too dull, and our crowd dwindled away once more, until the last two weeks before the paint splotched door was shut for good on "us rugged liddle kerickters," found only the faithful few still fanning the burnt out lamp in the "Spot's" smudgy window.

Why don't the youth of Redwood City use the center provided? Why do they still patrol the streets and unsavory sport halls? I'll tell you why! What the city has given so far hasn't been worth the headaches and backaches to fix!

If I had my way I'd shut all night clubs and gambling halls in which too many adults keep nocturnal vigil, and leave only shows and costly bowling and pool activities for weekend escape from humdrum life, and see how they like it! Maybe then we'd have some action!

As loyal as I am, I can't help feeling embarrassed when people from other youth centers ask to see the "Spot." That rundown excuse for a building has served its purpose, why not tear it down and erect our long promised youth center? MINUS THE ADULT CUSTOMERS! Ve vant to be ALONE! Give us a weekend world that we 'teen agers can govern ourselves, without the fumbling interference of outside adults. With an understanding, capable adult supervisor we can establish a top rate center future adolescent generations can benefit by. There's not much you can do for this generation, but you citizens can rectify this by taking an interest, and by waking up!—now, in time for the next group!

I'd like to make another nasty remark—this is to you closemouth and mind citizens who believe in stern loyalty to Redwood City, and will admit no wrong . . . what makes you think Redwood City WASN'T represented at Dune's Beach? Hmn? You've got to admit Redwood City has its unhappy share of delinquent parents which results in wayward offspring, and this waywardness must be curbed! YOU aren't helping it at ALL!

So will you city fathers get out of your plush bottomed swivel chairs and wake up to the facts that are going to hit you right between the eyes one of these days? When you realize we 'teen agers have minds of our own that need room to develop, and when we get encouragement and help in developing, then Redwood City will start rolling, and we adolescents will be there, pushing with all our might.

We are the future government, you know, and we need the right outlook on social life in general. So give us a center where our word is law; where all kinds of us can mingle together in a place all our own; where we needn't sneak to forbidden places and feel unclean because we are disobeying good judgment, and we will give you the clean, wise and sturdy government America has dwelled upon. More than that, we shall pat our town upon the back and acclaim it as the best, and we shall have a place for eager youth that will be good to show the world!

PATRICIA GABERT, '47
Sequoia Union High School

RC Hopes For Traffic Lights Dimmed

City Mgr. Ernest A. Rolison today termed a meeting he held this week with Col. John H. Skeggs concerning Redwood City traffic signals, "not very encouraging."

Rolison said the head of the State Highway Commission office in San Francisco could predict the installation of only one more signal in this city before the 1949-50 fiscal year.

Rolison said he had been under the impression that former City Mgr. E. W. Blom had some kind of an agreement with the state government covering the installation of more signals. Skeggs, however, told Rolison that the state had made no such committments. The state department, Skeggs added, understood that the city was planning to spend city parking meter money for such signals.

The state plans the installation during the 1948-49 fiscal year of a signal at Main St. and Bayshore Hwy., but would not consider installing one at Bayshore and Chestnut St. until probably the 1949-50 fiscal year.

No time at all was set for the installation of a signal at El Camino Real and Whipple Ave. unless the city was willing to bear the expense which would run to approximately $10,000, Rolison continued.

Improving existing El Camino Real signals would cost another $30,000, Rolison added.

Industrialists in the Chestnut-Bayshore area have signed a petition requesting a signal there pointing out that it is extremely difficult for plant employes to get across Bayshore without a signal.

Should the city decide to pay the costs, Rolison predicted, the state government would probably approve the installation of more signals.

The difficulty, he added, is that the city has no such funds available. What money it collects from parking meters, he said, is earmarked for the purchase of off-street parking lots which are badly needed. What money it obtains from the state gas tax fund is earmarked for the improvement of city streets which are not in proper condition.

SM Woman's Estate Valued at $54,380

The estate of Mrs. Catherine M. Conway, San Mateo resident who died on Feb. 20, totals $54,380, according to an inventory filed in superior court today by Inheritance Tax Appraiser Bradford M. Melvin.

The estate consists principally of about $38,000 cash in banks, a parcel of San Mateo real estate valued at $9500 and real estate in Sonoma County with a value of $5000.

Airport Operator Warns on Landings

The operator of the county-owned Half Moon Bay flight strip Monday promised residents of the Moss Beach area to launch a war against fliers who have been making unauthorized practice landings.

Leland Goodloe, in a letter to the board of supervisors, said that he would ask for a Civil Aeronautics Authority flight pattern for the airport, and that the pattern would be published in aviation periodicals.

Furthermore, he said that he would publish in local newspapers and have posted bulletins alerting citizens on how to put a stop to nuisance flying by taking down the numbers of planes flying in violation of regulations and reporting them to proper authorities.

Goodloe's punitive program was announced as a result of a letter of protest to the board from Moss Beach residents who claimed that practice landings and takeoffs on the airstrip created a nuisance and endangered life and property.

The airport operator said that he was aware of such flying tactics, but that he had failed to stop them because fliers from other fields would swoop down, land three or four times, and leave before they could be told of the rules under which the airport is operated.

Both Goodloe's and the residents' letters were referred by the board to the dormant airport commission which hasn't held a meeting in six months.

The supervisors said that they would confer with members of the commission to determine why meetings have not been held.

Arrest EPA Motorist On Driving Charge

Charles E. Auldridge, 45, 1935 E. Cooley Ave., East Palo Alto, a plumber, was arrested Sunday by Redwood City police on a charge of drunken driving.

He was taken to the San Mateo County jail after he was arrested at 11:45 p.m. at Maple St. and Middlefield Rd.

Airedale Puppy to Winner Of 'Best Friend' Contest

Redwood City boys interested in getting an Airedale puppy for Christmas have until midnight Saturday night to enter the essay contest sponsored by Mr. and Mrs. Henry M. Cruzat.

The contest is open to boys between the ages of 8 and 15. The essay is to be on the subject, "Man's Best Friend the Dog" and is not to exceed 100 words in length.

Entries are to be sent to Mr. and Mrs. Cruzat, care of the Greyhound Bus Station Fountain, Greyhound Bus Station, Redwood City.

Mrs. Cruzat announced today that judges in the contest will be Ned Butler of the Redwood City Chamber of Commerce, Ray Spangler, publisher of the Tribune, and Clyde Devine of the Sequoia High School faculty.

The puppy is to be awarded to the winner at 8 p.m. Tuesday at the Nativity scene in front of the Central School.

Mrs. Cruzat pointed out that the Airedale makes an almost perfect pet for a boy. She said that an Airedale will do any task called up to do and not only is an excellent companion but makes a good watch or game dog.

She said that the puppy to be given away as the prize in the contest comes from championship stock.

This is the puppy that goes to winner.

Ed Husted Named SC C of C Head

G. Eddie Husted last night was elected president of the San Carlos Chamber of Commerce.

Dean McHan was chosen first vice president; Clayton Roberts Jr., second vice president, and Graham G. Adams, treasurer.

The new board of dircetors decided to revise the bylaws, and Adams, Phil Liddy, Mrs. Ed Drotleff, Mel E. Cohn and Husted were named on a committee to study the bylaws and make recommendations.

Lou Goss, Gilbert E. Kaufhl and Jess Saunders were appointed to an auditing committee to check books before they are turned over to the new treasurer.

How we're preparing for your holiday calls

"The Christmas rush" of long distance calls will be extremely heavy this year. Months ago we began getting ready . . . setting up operators' schedules . . . putting in special tables for extra operators to keep the flood of calls in their proper order and help complete as many of them as possible.

Behind the scenes, chattering teletypes feed information from all over the country to this huge board in our Traffic Control Bureau. In this long distance "nerve center" we help make sure each circuit is working at capacity . . . set up alternate routes to help relieve traffic jams and keep calls moving.

Your holiday calls are important . . . and we'll put through as many as we can . . . but there will be delays on Christmas Eve and Christmas Day — even though our circuits to the East are eight times their prewar number. So if you can call before or after December 24 and 25, you'll find service much faster.

Working together to provide telephone service every day in the year are more than 60,000 people who make up Pacific Telephone. Each has an important part in our mutual task: To furnish the best possible service to the greatest number of people in the shortest possible time.

The Pacific Telephone and Telegraph Company

More than 60,000 people working together to furnish ever-better telephone service to the West

Durham Freed of Murder Charge, Jadwiga Held

Howard Durham, 27-year-old Reedley plasterer, was out of the county jail Tuesday, absolved of complicity in the murder of George W. Conner, Palo Alto credit man.

The murder charge against Durham was dismissed by Justice of the Peace Edward I. McAuliffe, who also decided that Jadwiga Curtin, 20-year-old Polish war bride, should stand trial in superior court on a charge of murdering Conner.

The judge's decision was made after a day-long preliminary hearing Monday in which Durham's attorney, Leslie C. Gillen, protested that there was absolutely no evidence to show that Durham was involved in Conner's death or in a conspiracy to rob the Palo Alto man.

Durham, who is to go on trial with Mrs. Curtin on a robbery charge on Feb. 3, walked out of the jail after the hearing on $5000 bail. Mrs. Curtin, who faces the more serious charge, is held without bail.

About 10 witnesses in the Conner murder case were presented yesterday by Dep. Dist. Atty. Fred M. Wyckoff, but their stories revealed nothing which had not been covered by previous reports of the investigation in Conner's death on Oct. 15.

The most interesting part of the preliminary hearing was a by-play of emotions which crossed the face of the Polish war bride during the hearing.

Paying scant attention to the testimony, Jadwiga fastened her eyes upon an attractive brunette sitting with Durham's parents, Mr. and Mrs. Thomas Durham.

Durham refused to identify the mysterious girl except as "a neighbor" of his family in Reedley. Gillen claimed that he also did not know the girl's name, and that she had refused to tell him who she was for fear of attracting publicity.

As the preliminary hearing progressed, Jadwiga Curtin would stare at the other girl, with daggers in her eyes. Then she would lean over to Durham, and without taking her eyes from the mystery girl, whisper apparently slighting remarks. Durham would attempt to placate her, with an embarrassed look on his face.

Jadwiga then would hiss something, shrug her shoulders and turn her back partly on Durham.

A few minutes later the whole performance would be repeated.

Since Jadwiga was held to answer for trial in superior court, the next legal step will be the filing of an information in superior court. Other legal steps will include the arraignment, a possible motion by her attorney, Wayne R. Millington, for dismissal of the information, the setting of the trial date, and the trial itself.

Cunningham Heads Policemen

Officers for the coming year were elected at a recent meeting of the Peninsula Police Officers Assn. held here at the Aviation Cafe.

Sgt. Russell Cunningham of the San Bruno Police Dept. was chosen president of the group, while Sgt. Jack Price of Burlingame was elected the new first vice president.

Other new officers include Donald Lowe, San Carlos, second vice president; Capt. John Hartnett, Burlingame, secretary; LeRoy Hubbard, Atherton, treasurer; Sgt. Cole Stafford, Redwood City, trustee, and Everett Pence, San Mateo, sergeant-at-arms.

Coast Man Injured In Auto Accident

Kyle H. Bowman, 32, of Half Moon Bay, suffered a cut on his forehead when the car he was driving was involved in a collision Monday night.

Bowman's car and a coupe driven by Frank J. Brunner, 27, also of Half Moon Bay, collided headon at the intersection of Purissima and Miramonte Sts., Half Moon Bay. Bowman's injury was treater by a private physician.

PUBLIC NOTICE

Waldier & Truce, Attys.
CITATION—No. 44312

IN THE SUPERIOR COURT OF the State of California, in and for the County of San Mateo.

In the Matter of the Adoption of Carrie Adoria McCausland, a minor.

The People of the State of California:

To Elmer S. McCausland, greeting:

By Order of this Court, you are hereby cited and required to appear before this Court, at the Court Room, Department No. 1 thereof, at Redwood City in the County of San Mateo, on Monday, the 26th day of January, 1948, at 10 o'clock in the forenoon of that day, then and there to show cause, if any you have, why the petition of Elmer R. Marshall for adoption of Carrie Adoria McCausland, a minor, should not be granted.

Witness, the Hon. A. R. Cotton, Judge of our Superior Court, in and for the County of San Mateo, with the Seal of said Court, affixed, this 20th day of October, 1947.

Attest:
(SEAL) W. H. Augustus, Clerk; by Nina I. Lowder, Deputy Clerk.
Oct. 24, 31; Nov. 7, 14, 21, 28; Dec. 5, 12, 19, 26, 1947.

Commuters Plan To Fight Fare Boost

The Redwood City Commuter's Club last night laid the groundwork for a Peninsula-wide campaign in opposition to the Southern Pacific's request for increased commute fares.

The club's board of directors invited the SP to appear before it to justify the requested increase.

Paul Allen, club president, issued this statement:

"We are not convinced that the requested Southern Pacific fare increase for commuters is justified, following as it does so closely upon last year's 20 per cent raise. We are therefor inviting Southern Pacific officials to meet with us in the near future in order to determine whether the requested increase is justified.

"We are also considering calling mass meetings of commuter groups throughout the Peninsula and calling upon city officials and civic groups for assistance and cooperation."

The directors met at the home of A. L. Armitage, 936 Blandford Blvd. Seven directors and eight other members attended. The club represents 170 commuters.

Mayor W. W. Hilton told club members today they could count on his support.

Menlo Park Planners Study Establishment of Fire Zone

Establishment of a second fire zone which would allow construction of small, patio-type shops in the Menlo Park commercial district was recommended this week by the city planning commission.

The recommendation will be considered by the Menlo Park City Council at its meeting next Tuesday.

Fire Zone No. 1, now applied to the entire commercial district and requiring heavy concrete construction, would be limited to the following areas under the revised zone designation recommended by the commission:

1—The west side of El Camino Real the entire length of the city from Valparaiso Ave. to Creek Drive.

2—Both sides of Santa Cruz Ave. from El Camino Real to University Drive.

3—Oak Grove Ave. from El Camino Real to Chestnut St.

4—East side of El Camino Real from Ravenswood to Oak Grove Aves.

Fire Zone 2 would be established in the remainder of the commercial zone which includes:

1—East side of El Camino Real from San Francisquito Creek to Ravenswood Ave.

2—Oak Grove Ave., Chestnut St., and Crane St. districts.

3—Merrill Ave. from Ravenwood to Oak Grove Ave.

4—Menlo Square district on east side of Southern Pacific right of way from Ravenwood Ave. to Oak Grove Ave.

Fire Zone 1 requires four-hour fire resistant walls in all buildings.

Fire Zone 2 allows one-hour fire resistant walls in buildings set back three feet from property lines. If stores are built on property lines, the four-hour walls must be used.

Forum Letter

To the Editor:

At the last regular meeting of the Redwood City Elementary Teachers Assn. it was unanimously voted that we go on record as officially endorsing the forthcoming elementary school bond issue.

Having, as we do, first-hand knowledge of the desperate need for additional school housing, we take this as one means of supporting the board of trustees in their efforts to solve the problem.

Yours sincerely,
Members of the Redwood City Elementary Teachers Assn.
RONALD R. SPINK, President.

Dematteis Pleads for Yule Safety Plan

"Safety in the home and on the steet," should be the Yuletide motto of every family, Louis B. Dematteis, chairman of Sequoia Chapter, American Red Cross, declared today.

"More persons are killed by accidents in December than in any other month of the year," Dematteis stated. "For this reason, the Red Cross advises every family to take precautions against potential accidents, which might bring tragedy instead of joy at Christmas."

A few safety tips designed to eliminate some of the hazards that accompany Christmas:

To lessen danger from Christmas tree fires: Keep the tree standing in water, since trees grow more inflammable as they dry out. Do not place tree near sources of heat. Do not use lighted candles, and pick flame-proof decorations. Make certain electric wiring is in good shape.

When Christmas shopping, observe all the traffic rules. Get out of the vehicle on the curb side, and watch for moving traffic. Keep your line of vision clear of packages.

In preparing Christmas cakes and candies, put sharp kitchen utensils away immediately after using to prevent small children from obtaining them. Dispose of open cans as soon as they are opened.

In selecting children's Christmas gifts, choose toys that are not inflammable and that do not have sharp edges or points.

$4,500,000 Coast Project Goes to Army Engineers

Approval of a $4,500.000 breakwater project for Half Moon Bay, 28 miles south of San Francisco, will come before the board of engineers for rivers and harbors (a special committee of the U. S. Army Corps of Engineers) in Washington early in January, it was learned today by the Coastside Coordinating Committee in a telegram received from Rep. John Z. Anderson.

On Dec. 1 the Half Moon Bay breakwater project was approved and submitted to Washington by the South Pacific Division of the Army Engineers with headquarters in Oakland. Approval by the division engineers came after a survey by the Army Engineers last Summer for which the last session of Congress appropriated $10,000.

The Half Moon Bay breakwater project has been endorsed by the State Chamber of Commerce, the Chambers of Commerce of San Francisco and San Mateo County communities, the state bodies of the AFL and CIO and many Bay Area shipping concerns, yachting clubs and fishing and canning interests.

The Coastside Coordinating Committee is calling upon all those interested in the project to communicate before Jan. 1 with the Board of Engineers for Rivers and Harbors, Washington 25, D.C., to again register their support. If favorable action is taken by this special army review board then the project will be referred to the Bureau for the Budget for inclusion in the budget for river and harbor construction to be recommended to the 81st Congress which convenes in January.

The Half Moon Bay breakwater project, as recommended by the Pacific Division office of the Army Engineers, calls for the construction at Pillar Point, five miles north of Half Moon Bay, of " two rubble-mound breakwaters, each approximately 4400 feet long, with a harbor entrance 1000 feet wide." The breakwater will embrace an area of approximately 400 acres, and will accommodate fishing boats, yachts, navy and coast guard craft and shallow draft steamers.

GET INTO THE CHRISTMAS SPIRIT

☆ Inseparably linked since childhood in the minds of us all are Christmas and the familiar bell-ringing Santa Claus . . . faithful soldier at his post in rain, shine or snow. He is as much a part of the Old Christmas Spirit as stockings on the mantle or lighted trees. ☆ Through him and the organizations he represents Christmas comes to thousands of less fortunate and handicapped people here in Amercia. Without him their Christmas would be pretty bleak and cheerless. ☆ So give generously this year. Reach into your heart when you reach into your pocket. Get into the spirit . . . the Old Christmas Spirit.
